

# Handlebar Console with Tire Pump

Revolution® SE shown.

Everything you need is now within your reach: keep stroller tires inflated, beverages insulated and items organized.

A convenient on-the-go tire pump is included, compatible for all BOB pneumatic stroller tires.

Beverages stay cold or warm with insulated bottle holders, and phones, snacks & other essentials stay organized in the substantial center pocket.

## FEATURES

### Console

Revolution® SE shown.

- Four hook & loop attachment straps ensure an easy & secure fit
- Two insulated beverage holders mean you'll never go thirsty, and structured bottom surface allows for easy removal of beverages
- Large center compartment for essential items provides ample space and a secure closure for safekeeping
- Three exterior storage pockets enables storage of smaller items
- Additional secured storage pocket on back houses the Tire Pump for easy access
- Compatible with all BOB single joggers and the BOB Motion™

### Pump

- Expandable & lightweight pump retracts to a compact size to save space when not in use
- Flexible pump hose ensures a secure valve fit even in tight or hard-to-reach places
- Ergonomic grip & single-stroke pumping action provide comfort and efficiency
- Maximum Pressure (PSI): 90
- Be sure to follow the specific tire pressure guidelines in your stroller's User Guide
