

BOB® B-Safe 35 by Britax®

The BOB B-Safe 35 combines unmatched protection with classic BOB style. With just a Britax adapter (sold separately), you can create the perfect BOB travel system for your family.

BOB owners rejoice – Britax, the #1 brand in safety technology, has an infant car seat just for you. The BOB B-Safe 35 combines unmatched protection with distinctive BOB style.

FEATURING:

SafeCell Impact Protection

an integrated system of safety components that works to protect your child beyond federal safety standards.

Extra-large canopy protects your little one from sun and rain.

Click & Go™ stroller compatibility allows you to pair the seat with any Britax stroller to customize the perfect travel system. No adapters necessary.

Impact-stabilizing steel frame offers superior strength where you need it most: at the connection point to the vehicle.

Impact-absorbing base compresses to reduce the rough force of a collision.

SafeCenter LATCH Installation has center-pull straps that tighten quickly and easily.

Ergonomic handle makes carrying comfortable with your hand or forearm.

Side impact protection features a deep foam-lined shell to shield your child.

Removable head pad acts as a cushion for your child and can be removed when your baby outgrows it.

Contoured shell takes up little space in your vehicle and minimizes side-to-side movement to maximize protection.

Spring-assisted recline makes for easy angle adjustment.

Proudly engineered, tested and made in the USA with global components for top safety and quality.

On/off lower connectors easily lock into place and release with the push of a button.

Built-in lock-offs ensure a snug vehicle seat belt installation with minimal effort.
