

Alterra™ Pro

With SmoothShox™ suspension and a new one-hand fold, the Alterrain Pro jogging stroller is ready to hit the ground running.

KEY FEATURES

- One-hand quick fold collapses the stroller to a self-standing position with a single twist of the hand (includes chassis lock and carry handle).
- Sleek frame, performance fabrics and reflective rims turn heads on the hiking trail or city street; Lunar fashion has ultra-reflective accents for enhanced safety.
- SmoothShox™ suspension system and air-filled tires balance out the ride for your little adventurer so you can take on any terrain.

SmoothShox™ suspension system

- Ergonomic handbrake puts downhill control at your fingertips.
- All-weather, UPF 50+ canopy is 100% waterproof, wind-proof and rated UPF 50+ to shield your child from the elements.
- Extra-large, zip-top cargo basket stores and secures your gear; 5 extra pockets, including a cell phone holder at the handlebar.
- Magnetic "peek & chat" window keeps your child cool and lets you check in and chat without stopping (includes magnetic closure).
- Adjustable handlebar creates the perfect fit for parents of all heights.
- Ultra-padded compression seat with infinite recline sits fully upright for all-day comfort, and lays near-flat with the push of a button.
- Swivel-locking front wheel swivels for easy maneuverability or locks for stability when jogging on- or off-road.
- Stainless-steel wheel bearings reduce resistance for effortless steering and durability.
- 75 lb. weight capacity and spacious seating area offer extra room to grow.
- Travel system ready when paired with a car seat and adapter; compatible with most major brand car seats with the use of a BOB Gear infant car seat adapter (sold separately).
- Five-point harness with no-rethread design keeps your child secure and allows for easy height adjustments.
- Easy-remove rear wheels allow the stroller to become more compact for storage.
- Quick-release front wheel for secure installation and easy removal without tools.
- Adjustable front wheel tracking refines alignment with a twist of the knob to keep the stroller running straight when front wheel is locked for jogging.
